

# Vinaya Studies Ontology

Overview

## schema:Comment

A comment on an item - for example, a comment on a blog post. The comment's content is expressed via the text property, and its topic via about, properties shared with all CreativeWorks.

## schema:MediaContent

A media object, such as an image, video, audio, or text object embedded in a web page or a downloadable dataset i.e. DataDownload. Note that a creative work may have many media objects associated with it on the same web page.

## vso:AuxiliaryMaterial

Auxiliary material is a piece of text, image, or other informational structure that relates to a Vinaya but is not a part of the Vinaya Canons. Includes TranslationText, Summary, FactorsOfRules.

## vso:VinayaText

VinayaText is the text manuscript on which translations are based. For the Canon, they are generally in Pāli, Sanskrit, Classical Chinese or Tibetan. Commentaries and translations may be in other languages.

# Based on schema:CreativeWork

## **vso:VinayaText**

VinayaText is the text manuscript on which translations are based. For the Canon, they are generally in Pāli, Sanskrit, Classical Chinese or Tibetan. Commentaries and translations may be in other languages.

## **Properties**

Inherited from schema:Thing
